ACT Score: 22

GPA: 3.4

Class Ranking: 70/198

Educational Objective Statement:

I plan to finish High School and go to a 4-year university to get my degree in Pre-Professional Biology to start the start on my long track to become a Zoology Veterinarian. After the 4 year university i plan to attend Veterinary School to get my degree and my lisence. It's my dream to work with zoo animals because of how amazing and majestic they can be. I then plan on to try and get a job at a major zoo or at Disney World. Disney World is in my families blood and it's an amazing place to be and i have always wanted to be apart of the magic and if i can do both helping and taking care of animals and working at Disney that would be the ultimate dream and I can't wait to make it all happen.

- Physical Science, Biology, & Chemistry
- Visual Art I
- Math (Algebra 1, Geometry, Algebra II, and SAILS Math)
- Latin I and II

About Me:

I'm Hannah A. Mesecher, I'm a senior at Chester County High School. I plan to attend the University of Tennessee of Chattanooga to major in Biology and minor in History. My sister currently is a sophomore there and will be a Student Director at the Christian Student Center. I have been in Band since 8th grade. My 11th grade I became the Jr. Representative for the Band and my 12th grade year I became the Band Captain. I am fantastic at History and i've taken all the classes that the school offers. I've enjoyed all my years of high school and excited to start my life as a growing adult in college.

Life has honestly always been interesting in my house. My dad is a veteran of Operation Iraqi Freedom. Him and my mom have been married for 11ish years. It's been hard because he came back injured and has been through alot since 2004. My mom and dad plan to separate after my graduation. Going through all the trials we've had has given me strength I'd never thought I'd have. It makes me more determined to go to college and succeed and become what I want to be. My mom always told me that your dreams are important and you should always pursue them and that's what I am out to do.
